

Client Objectives:

First Montgomery Group, (FMG) is a family-owned and operated diversified real estate organization headquartered in Marlton, NJ, with real estate holdings in Pennsylvania and New Jersey. With a large real estate portfolio containing thousands of electric accounts, spread across multiple states and utilities, FMG was seeking a holistic energy procurement strategy to consolidate and manage all accounts.

Our Solution:

AEDG with partner RPAC, provided FMG a unique and comprehensive alternatives for purchasing, monitoring and evaluating energy strategies through products that deliver risk mitigation, price certainty, rewards from savings and knowledge based purchasing strategies.

Benefits:

AEDG with partner RPAC provided:

- Consolidation of thousands of accounts into one manageable database
- Bidding process, market intelligence, volatility analysis and on-going management
- Monthly bill check, performance reports & metrics
- On-going hedging recommendations
